FIRE HOSE

- The fire hose assembly supplied under this specification shall be constructed with superior quality materials. NFPA 1961 standards shall be observed in production of the assembly, in order to ensure its quality and durability
- Hose shall be made from 100 percent high tenacity synthetic yarn, circularly woven and completely protected and locked-in by tough highly resistant synthetic nitrile rubber, forming a single homogeneous construction without the use of glues or adhesives of any type. 400PSI Operating Pressure and 1200PSA Rated Burst Pressure.
- Male and female aluminum alloy NH couplings
- Single Homogeneous Construction
- Abrasion, Cold, Chemical and Heat Resistance
- Size: 1.5" and 2.5"
- Length: 50' and 100'
- Lining: Single jacket and Double Jacket

Brand: KEY, made in USA
Color: Yellow, Red and White

- This single jacket hose is constructed of high tensile strength polyester yarns, lined with a high-tech EPDM tube. The jacket shall be evenly and firmly woven and free from visible defects, thread knots, lumps and irregularities of twist. The polyester construction is mildew & rot-proof, outstanding abrasion resistance with our innovative wisentec coating, tough, dependable and light weight.
- Construction: Polyester spun as warp and filament polyester as weft, EPDM liner.
- Interior fire fighting, fire cabinet, pin racks. UL and FM Approved
- Couplings: Brass NST/NPSH expansion ring threaded coupling, other fittings on request
- Size: 1.5" and 2.5"
- Length: 50' and 100'
- Lining: Single jacket and Double Jacket

Brand: 5-Elem, made in China
Color: White

- This hose are made of polyester fiber both warp & weft with neoprene lining. Hose comes with complete coupling at both ends.
- ASAHI Fire Hose are versatile and has various applications not only for fire fighting & safety but it is also ideal for industrial, marine & agri-aquaculture applications.
- Lining: Single jacket and Double Jacket
- Size: 1.5" and 2.5"
- Length: 50' and 100'

Brand: Asahi, made in China
Color: White
