

QUELINE RESCUE TOOLS ENT.

HARDWARE EMERGENCY RESCUE TOOLS

FIRE AXE

- Your choice of handles. Fiberglass or wood handle fire axes are stronger than steel, lighter than aluminum and as flexible as hickory.
- Body fully polished, hand sharpened tapered cutting edge and pick.
- Fiberglass fire axe handles won't splinter and will not conduct electricity. The Pick Point Crucible Steel Fire Axe Head is epoxy bonded to a cushion grip fiberglass handle.

Brand: John Benzen

SLEDGE HAMMER

- Clear lacquered head.
- Wood or Fiberglass handle.
- Head Wt. 8 Lb.
- Overall Length 36"
- This tool is used for heavy jobs where increased force is required.
- It is typically used for breaking concrete, setting stakes and driving posts.

Brand: John Benzen

PRY AXE

- The Pry Axe is a lightweight, multi-purpose, slam and ram tool designed to pry, enlarge openings, cut sheet metal and twist off locks and latches.
- The tool weighs 6.6 lbs (3 kg), and has a length of 18 in (46 cm) closed, or 26 in (72 cm) extended. The Pry Axe is electroless nickel plated for good looks and easy maintenance.
- Here is a tool that has withstood the test of time. For over 40 years the Pry-Axe has remained the best selling tool in our line. The Pry-Axe is being used by fire departments, police departments and rescue squads worldwide.
- The Pry-Axe is a lightweight, multi-purpose, 'Slam & Ram' tool designed to pry, enlarge openings, cut sheet metal and twist off locks and latches.
- This efficient tool lets every firefighter force entry, rescue and ventilate without waiting for help.
- The Pry-Axe is small enough to carry and rugged enough for most jobs.
- The Pry-Axe head and claw assemblies are separate sections forged from high alloy steel and heat treated for maximum strength.
- A molded rubber sleeve over the handle provides a non-slip grip.
- The Pry-Axe is electroless nickel plated for good looks and easy maintenance.

Brand: Paratech, made in USA
Model: 22-000522

QUELINE RESCUE TOOLS ENT.
