

OTHER MEDICAL TOOLS

CARDIAC/ CPR BOARD

- Cardiac Boards are rigid plastic back boards used for cardiopulmonary resuscitation, commonly called a CPR Board. It is used to provide a flat and hard surface beneath a person who requires chest compressions to pump blood through his or her circulatory system.
- The head cup maintains proper alignment with the patient's head.
- The board adopts PE material with no discharge contaminator.

AMBU BAG

- Manual Resuscitator with Oxygen tubing, reservoir bag and pressure limiting valve. These are made from Silicone Rubber and autoclavable up to 136C. Supplied with Mask, Oxygen reservoir and Oxygen tube. Non-Sterile. 100% Latex free. The resuscitator is intended for pulmonary resuscitation. It can be used for continued oxygen supply and assisted ventilation
- Available: Pedia and Adult

LABORATORY SAFETY GOGGLES

- The Laboratory Safety Goggles is used to protect the eyes during experiments involving hazardous chemicals. It is ideal for various laboratory experiments in High School or College.

OROPHARYNGEAL AIRWAY (OPA)

- The oropharyngeal airway is used to create an air passage way between the mouth and the posterior pharyngeal wall
- Useful when the tongue and/or epiglottis fall back against the posterior pharynx in anesthetized or unconscious patients obstructing the flow of air.
- Smooth, flexible polyethylene airway with reinforced bite block
- Color coded for easy identification.

Size	Size No.	Dimension	Color
Neonatal	00	40 mm	Pink
Infant	0	50 mm	Lt Blue
Child	1	60 mm	Black
Small Adult	2	70 mm	White
Adult	3	80 mm	Green
Large Adult	4	90 mm	Yellow
XL Adult	5	100 mm	Red
XXL Adult	6	110 mm	Orange

QUELINE RESCUE TOOLS ENT.

TMS SUCTION MACHINE

- Newly designed oil free lubrication pump.
- Specially designed for absorbing thick liquids.
- Used as an aspirator in the operating room or home patient care.

Main Technical Performance

- Power supply: AC 220V±10%, 60 Hz±2%
- Power: ≤90 VA
- Max negative pressure value: ≥0.075MPa
- Pumping Rate: ≥ 18L / min
- Noise: ≤ 65 db(A)
- Reservoir volume: 1000 ml, 1 piece

ANEROID SPYGMOMANOMETER WITH STETHOSCOPE

- Baxtel BP Aneroid Sphygmomanometer with stethoscope
- Superior Quality Sphygmomanometer
- Pressure Gauge Calibrated to 300 Hg
- Flexible Single Lumen PVC tubing
- Complete Manual Inflation System
- Stainless Steel Pressure Gauge
- Includes:
 - Double Sided Stethoscope
 - BP monitoring Card

AUTOMATIC BLOOD PRESSURE MONITOR

- The Omron Standard blood pressure monitor provides simple and accurate blood pressure readings without compromising user comfort.

Product Features

- **One Touch Use:** Easy one touch operation allows home blood pressure monitoring that is both simple and accurate
- **30 Reading Memory:** 30 memory storage allows you to review the last 30 readings with a touch of a button
- **Hypertension Indicator:** Alerts you if your blood pressure reading exceeds internationally recognised guidelines for normal home blood pressure levels
- **Cuff Wrapping Guide:** Indicator confirms the cuff has been wrapped correctly on the user's arm
- **Body Movement Indicator:** Alerts user if any body movement has occurred during the blood pressure reading
- **Irregular Heartbeat Indicator:** This monitor can detect irregular heartbeats while blood pressure is being measured.
- **Enhanced Intellisense:** Soft Cuff (Medium to Large) 22-42cm
- **Power Source:** 4 x AA Batteries included. Optional extra: AC adaptor (available in Accessories category)

Brand: OMRON
Model: HEM 7121

QUELINE RESCUE TOOLS ENT.

BATHROOM WEIGHTING SCALE

- Capacity: 120kg
- Graduation: 1kg
- Dimension: 26.7×26.4×5.6cm
- Available color: NAVY BLUE Only
- Equipped with anti-slip rubber top

ICE BAG

- Ice Bag is a useful product that can be used in many situations, from sprains and strains to headaches to reduce swelling and alleviate pains.
- Reusable
- Waterproof
- Does not leak
- Available sizes: 6" and 11"

HOT BAG

- A hot water bag is a container filled with hot water and sealed with a stopper, used to provide warmth, typically whilst in bed, but also for the application of heat to a specific part of the body.
- Available sizes: 500ML and 1000mL

TRIANGULAR BANDAGE

- 100% cotton versatile bandages can be used as an arm sling, cover for head dressing, binding for splint or tourniquet.
- Standard size
- Complete with safety pins.

CADAVER BAG

- Durable cadaver bag made from black PVC.
- Leak-proof and heavy duty
- Easy to open and close
- With pouch.
- White color cadaver bag also available.

THERMAL BLANKET

- Great for camping, hiking, first aid kits, survival kits & disaster preparedness.
- This foil rescue blanket assists in body heat retention in emergency situations.
- Provides compact emergency protection in all weather conditions.
- Retains or reflects back 90% of body heat.
- Compact size, light weight, easy to carry.
- Reusable, waterproof and windproof
