DIVING GEARS AND EQUIPMENT

DIVING MASK

Brand: Problue, made in Taiwan
Model: Vision Plus 3

- Extremely light 3 windows mask has a front lens and side view lens with edgeless connection to provide a panoramic view.
- Unique flexible buckle attachment swivels with facial movements & absorb shock, preventing buckle breakage when mask is bumped.
- Patented push-button buckles allow easy, quick strap adjustment.
- Crystal silicone facial mask skirt for comfort fitting.
- Anti-fog technology mask. (AFT mask)

Brand: Aqualung, made in Taiwan
Model: Sport Malibu Frameless

- This Mask is a streamlined, sports mask that features a single window design.
- Fitted with tempered glass lens for safety, this low-volume snorkeling mask has an expanded top to bottom viewing window and a silicone face skirt that provides the ultimate comfort.
- Frameless low volume one-window design
- Hypoallergenic silicone face skirt provides the ultimate comfort
- Expanded top-to-bottom viewing window
- Tempered glass lens for safety
- Adjustable pinch and pull Pro-Glide buckles provide a custom

SNORKEL

Brand: Problue, made in Taiwan
Model: Tiara 2

- The Problue Tiara 2 Snorkel is a simply designed, semi dry snorkel. It features a splash guard on the top, which helps minimise water entry, and a purge valve on the bottom to help you clear your snorkel in an easier fashion.
- Made from high grade silicone, it is very durable. The mouthpiece is also very comfortable to bite on as well. You can be sure that you'll face less jaw fatigue with this snorkel. It also comes with a patented quick-release and swivel keeper, allowing you to easily hook up your mask to the snorkel.

Brand: Aqualung, made in Taiwan
Model: Sport Paradise Dry LX

- It is designed to make your next underwater experience absolutely amazing.
- Enjoy the depths longer with this snorkel's completely 100% submersible dry top air shaft that utilizes Pivot-Dry technology to optimize the amount of air you bring down.
- This snorkel also features a full-flex, drop-away section to enhance performance and easy-clear purge valve. Easy-clear purge valve
- 100% submersible dry top snorkel with Pivot-Dry technology and Hypoallergenic silicone mouthpiece. Drop-away, full-flex section.

WETSUIT

Brand: Poseidon, made in Sweden
Model: Traveller

- The Poseidon Traveler is a robust but flexible full-body wet suit made of 3mm neoprene
- The Poseidon Traveler is a sturdy yet flexible full body wet suit. It is designed for warmer waters, whether for diving or other water sports, such as surfing, kitesurfing, etc.
- It is made of 3mm neoprene and key points with ultra-strong neoprene processed to ensure maximum comfort and freedom of movement.
- The lining is made of extra warm super stretch material, which can be put on and taken off very well by its pleasant rough surface.
- Available in sizes S-XXXL for men and S-XXL for women.

Brand: Aqualung, made in Taiwan
Model: Tropical

- The Aqua Lung Wetsuit Tropical 3mm Flex neoprene is extremely comfortable and flexible.
- The entire wetsuit is 100% constructed from 4-way super stretch 3mm neoprene, that stretches to 235% of its original size compared to 125% for standard neoprene.
- The smooth-skin chest and back panels dry quickly to prevent evaporative heat loss, while the smooth skin seals at the neck, arm, and leg openings seal out water and help keep you warm. A heavy-duty back zipper with water dam keeps water from rushing in. This wetsuit is made for warmer waters. Comfort and flexibility make this one of the best shorty wetsuits in the market.
- Skin in neck seal provides comfortable stretch and seals out water
- Heavy duty non-corrosive YKK Metal zipper
- Back zipper water shield

WATER GLOVES

Brand: Poseidon, made in Sweden
Model: Black Line

- Protect your hands with minimum interference on mobility. The Glove 5 Finger 1.5 MM offers stylish protection for warm to temperate water divers. 1.5 MM thickness for warm to temperate water thermal protection.
- Jako Geoprene combines with reinforced palms and fingers to deliver high mobility with high durability and protection.
- Patented Octopus Velcro provides secure fastenings. Reinforced palms and fingers provides extra durability and protection.
- Patented Octopus Velcro provides strong under-water seals. Military Grade Performance

Brand: Aqualung, made in Taiwan
Model: Deepsea

- Flexible warm water glove with AMARA reinforced palm. 1.5mm N2S neoprene back.
- Palm and thumb-curve double reinforced. Boxed fingers for fit. Adjustable velcro wrist cinch.
- These gloves are great protection against abrasions and the like for any sort of warm water diving.
- They are not, however, designed to contribute thermal protection in cold water but are a great tool to keep in your warm water diving kit.

DIVING FINS

Brand: Problue, made in Taiwan
Model: Tiara Pro open heel

- Designed to be incredibly lightweight to reduce fatigue and increase performance.
- Unique styling, designed to provide comfort with an attractive look. Lightweight design reduces fatigue giving increased performance and make the fin ideal for traveling.
- Flexible centre channel increase surface area and fin performance.
- Patented 'T.P.R.' soft moulded material provides a super comfortable foot pocket.
- Rubberised 'Anti-skid' pattern on the fin's underside helps prevent slipping on wet surfaces.

Brand: Aqualung, made in Taiwan
Model: Stratos

- The Aqua Lung Stratos Fin is robust and powerful, making it perfect for recreational and professional divers alike.
- Bi-material engineered side ribs and blade
- Bi-material full pocket
- Power transmission zone
- Bending zone: allows the blade to quickly reach the optimal inclination for propulsion and water channelling
- Quick release buckles with ergonomic strap
- Anti-slip rubber pads on the foot pocket back

QUELINE RESCUE TOOLS ENT.

BOOTIES (LOW-CUT & HIGH-CUT)

Brand: Aropec, made in Taiwan
Model: Rock

- Light-weight 3mm double-glued and blind stitched neoprene construction low cut booties
- Flexible vulcanized rubber sole with non-slip ribbed tread withstands the rigors when diving on rocky coastlines, and provides unparalleled stability on sandy beaches, and boat decks as well
- Suitable for beach, snorkeling, diving or any water sports activity
- Equipped with anti-slippery insole

Brand: Aqualung, made in Taiwan
Model: Polynesian

- Low cut booties with ergonomic soles, that add to your comfort and keep your feet warmer, soft to hard sole and quality materials.
- Nylon II neoprene
- Flexible vulcanized rubber sole
- Two seam pattern minimizes chafing
- 3mm upper with 5mm inner sole
- Rubber toe, instep and heel cap
- Vulcanized rubber sole
- Toe cap with seam pattern, Instep and heel cap

Brand: Aropec, made in Taiwan
Model: Steamship

- Aropec Steamship 5mm High Cut Booties
- 5mm double-glued and blind stitched neoprene construction for longevity and reducing water flow
- With non-corrosive YKK heavy-duty no.8 zipper and zipper flap ensure the zipper will stay closed securely during diving
- Flexible rubber toe & heel caps guard against abrasion from foot pockets & fin straps, and for extra protection and ankle support.
- Flexible vulcanized rubber sole with non-slip ribbed tread withstands the rigors when diving on rocky coastlines, and provides unparalleled stability on sandy beaches and boat decks.

Brand: Aqualung, made in Taiwan
Model: Ergo Zip

- High cut booties with ergonomic soles, that add to your comfort and keep your feet warmer, soft to hard sole and quality materials and components.
- New anatomically correct ERGO shaped footbed and outsole
- Standard neoprene upper with exterior thickness markings
- Hook & loop zipper lock keeps zipper in place
- Flexible vulcanized rubber outsole
- Four seam (2 front, 2 heel) pattern
- Non-corrosive YKK #10 heavy-duty zipper
- Packaged in PVC-free Ziploc poly bag with descriptive hang tag

QUELINE RESCUE TOOLS ENT.

RASH GUARD (MEN'S AND WOMEN'S VERSIONS)

Brand: Procare, made in the Philippines
Model: Male Version

- Rash Guard gives protection to skin against rashes caused by abrasion and sunburn from extended exposure to the sun. It is alternatively used from chemical solution, sunblock lotions to protect from sun's UV radiation.
- Material: Fabric, 85% Nylon and 15% Elastane, Dri-Quik fabric at 210gsm.
- With Ultraviolet Protection by RAYOSAN, UPF rating of 30+, which blocks out over 97% of sun's harmful rays. Also easy to dry, lightweight, durable and flexible.
- Different color are available
- Materials are imported.

Brand: Aqualung, made in Taiwan
Model: Red Titanium

- This Aqua Lung Rashguard is a fantastic addition to the Aqua Lung line-up, and a great choice for protection from the sun.
- Rashguards are protection and fashion at the same time.
- They protect against the sun, jellyfish contact and also provide comfort under a neoprene suit.

Brand: Procare, made in the Philippines
Model: Female Version

- Rash Guard gives protection to skin against rashes caused by abrasion and sunburn from extended exposure to the sun. It is alternatively used from chemical solution, sunblock lotions to protect from sun's UV radiation.
- Material: Fabric, 85% Nylon and 15% Elastane, Dri-Quik fabric at 210gsm.
- With Ultraviolet Protection by RAYOSAN, UPF rating of 30+, which blocks out over 97% of sun's harmful rays. Also easy to dry, lightweight, durable and flexible.
- Different color are available.
- Materials are imported.

Brand: Aqualung, made in Taiwan
Model: Aqua Titanium

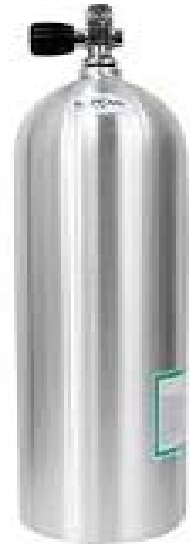

- With exciting and stylish colors, this Aqua Lung Rashguard Aqua Titanium is perfect for women.
- Rashguards are protection and fashion at the same time.
- They protect against the sun, jellyfish contact and also provide comfort under a neoprene suit.

DIVING OXYGEN TANK 80 CU. FT.

- Luxfer 80 Cubic Foot Aluminum Tank with Pro Valve: Nitrox Ready Up to 23.5% Superior Corrosion-Resistance and Dependable Performance. Preferred Choice by Military, Commercial and Technical Divers Worldwide
- Won't Rust Like Steel Cylinders
- Working Pressure: 3000 psi (200 bar)
- Note: All Luxfer Cylinders Meet Certificated Specifications of the US
- Valve: Pro Valve, Yoke or DIN. Heavy Duty Design. Smooth Operating Valve Mechanism. Chrome Plated Marine Brass
- Multi-Ported Burst Plug Assembly

Brand: Luxfer, made in USA
Model: 80 CU. FT.

BOUYANCY COMPENSATOR DEVICE (BCD) JACKET

Brand: Sherwood, made in USA
Model: Silhouette

- Rugged, Dependable, Durable, and Affordable Design. One Great Entry-Level Personal BCD.
- Large hook and loop Pocket for Storage of Accessories. Easy-to-Use and Maintain Sherwood Oral & Power Inflator Mechanism.
- Rear-Pull Air Dump/Over-Pressure Relief Valve to Quickly-Adjusts and Maintain-Buoyancy. Torso Adjustable Shoulder Straps
- Waist Strap with Cummerbund. Straps Equipped with Squeeze-Style" Side-Release Buckles for Easy-Donning-and-Doffing
- D-Rings at the Waist for Accessory Attachment. Lift Capacities: From 17lbs to 40lbs (7.7kg to 18kg) Depending on Size
- Akona Pro Kit Ready (see SKU's: GNSRK or GNSRKL). 3-D Designed Jacket Style Air Cell Wraps-Around the BC for Exceptional Stability. Built-In Carrying Handle for Easy-Transport. Sherwood Power Inflator with Cable Activated Pull-Dump Valve
- 3/8" Threaded Quick-Disconnect Hose

Brand: Aqualung, made in UK
Model: Wave

- A Rugged, Value BC for Any Diver
- proprietary backpack has a built in carrying handle.
- The waistband is adjustable in the back to accommodate a wide range of waist sizes.
- A scooped octo-pocket on the top front of the right lobe and a new octo-sleeve on the right shoulder strap provide two options to stow and deploy an octopus.
- A scooped instrument pocket (or octo-pocket) is also on the top front of left lobe, giving versatility of use.
- A large, easy-to-access utility pocket is found on each side of the Wave. Features 2 stainless steel flat D-rings for all of your accessories.
- Right shoulder pull dump with highly visible orange pull bob is easy to locate and use.
- Lower rear dump with highly visible orange pull bob is useful for horizontal or head down orientation.
- Adjustable chest strap for personal comfort.

QUELINE RESCUE TOOLS ENT.

FIRST STAGE REGULATOR

Brand: Sherwood, made in USA
Model: Brut

- Tee – shaped design reduces regulator profile when mounted on tank minimizing opportunity to make contact with the back of the head.
- Balanced- piston delivers ample air volume at stable intermediate pressure to the second stage over a wide range of supply pressures.
- Spring chamber is environmentally sealed to maintain cleanliness reducing the effects of corrosion and contamination. This contributes to uniform high performance as the regulator is used.
- Dry-sealed first stage uses no liquids or gels that can leak or add to service costs.
- Four LP ports and two HP ports for more options for ideal hose positioning.

Brand: Apeks, made in UK
Model: AT20/US4

- The AT20/US4 regulator has been designed for warm water diving.
- Just because it is warm water equipment does not mean it is of low quality.
- The Apeks AT20/US4 is a very good breathing regulator featuring our venturi control and it is also balanced.
- The first stage is a balanced diaphragm type that offers consistent performance from start of dive until end of dive, regardless of depth.

SECOND STAGE REGULATOR

Brand: Sherwood, made in USA
Model: Brut

- Pneumatically balanced 2nd stage – The pneumatically balanced regulator ensures you get the same amount of air delivery whether you are at 3,000 psi or 500 psi, improving the diving experience.
- Single valve tube construction – The single construction creates a precise channel for the valve to operate.
- Co-Molded mouthpiece – The large co-molded mouthpiece uses two different silicone compounds and colors to reduce jaw fatigue.

Brand: Apeks, made in UK
Model: AT20

- Pneumatically-balanced second stage results in smooth, easy breathing
- The large purge button on the AT20 is easy to operate even with thick gloves.
- The integrated venturi control provides a performance boost at depth while preventing unwanted freeflow at the surface.
- An extremely efficient exhaust valve improves the breathing performance of the regulator
- The Comfo-bite mouthpiece virtually eliminates jaw-fatigue
- Offers a compact, integrated exhaust tee

QUELINE RESCUE TOOLS ENT.

OCTOPUS

Brand: Sherwood, made in USA
Model: Brut

- Simple to maintain.
- Larger diaphragm for optimal response to inhalation.
- Larger exhaust valve for decreased exhalation resistance.
- Resilient silicone rubber seat.
- Precision – ground stainless steel cam and Delrin lever for smooth effortless breathing.
- High impact housing for rugged applications.
- Hi-Viz yellow face cover.

Brand: Apeks, made in UK
Model: AT20

- Excellent value balanced octopus's regulator. Good reliable performance and ideal for diving in warm waters.
- Nitrox Compatible to 40% (The Recreational Limits of Nitrox)
- "Diver Adjustable" venturi to prevent unwanted free-flow
- Bright "Hi-Viz" yellow hose and 2nd stage cover for easy identification
- 36" Hi-Viz neon yellow hose

DEPTH AND PRESSURE COMBO GAUGE

Brand: Sherwood, made in USA
Model: Brut/Termo

- Mini console displays pressure gauge and depth gauge, for easy viewing underwater and the dials have a long luminous shade for better reading underwater.

Brand: Apeks, made in UK
Model: AT20

- Our 2 Gauge console combines a pressure gauge and a depth gauge housed in a specially designed case. The unit is completed with a high pressure hose.
- The console clearly displays your pressure and depth readings for easy viewing under water and the dials have a long phosphorescent effect for better reading in poor visibility conditions.
- The Pressure Gauge provides accurate pressure readings with a range of 360 bar (imperial versions are also available with a range up to 5000 psi). Both gauges surpass the EN 250 standard.

QUELINE RESCUE TOOLS ENT.

DEPTH DIVE COMPUTER

Brand: Sherwood, made in USA
Model: Amphos

- Sherwood Amphos is the first dive computer made by Sherwood Scuba, which supports diving with double-nitrox mix.
- Amphos was designed with standalone digital wrist watch functions. It looks a bit bigger than usual wrist watch, but it sits very comfortable on your wrist during everyday wearing. And it is very favourable thing for those guys who needs watch and dive computer functions in one sleek body.
- Four Operating Modes
- Two Gas (21–50% and 21–100%)
- DSAT Decompression Model/Modified Haldanean (Same algorithm as the Wisdom3)
- Safety and Deep Stop with countdown (Min:Sec)
- Logbook: 24 dives (3 screens each)
- Selectable audible alarms with flashing icons
- Loading bar graphs (Nitrogen, Oxygen, Ascent)
- Wet activation
- History Mode: Total Dives, Max Depth, Total Dive Hours, Lowest Temp
- Data Retention: Maintains settings and data during battery swap
- Optional: USB Cable Connector

Brand: Aqualung, made in UK
Model: i300

- Features:
 - 4 operating modes: Air, Nitrox, Gauge (with run timer), and Free Dive (tracks calculations to allow switching between DIVE and Free on the same day)
 - User changeable battery and data retention.
 - Maintains settings and calculations between battery changes
 - Backlighting. For easy reading in low light
 - Audible alarms and additional high-visibility LED warning light for additional safety
 - Single button access to last dive display
 - History Mode includes total number of dives, max depth, total dive hours, and lowest temperature
 - Nitrox mix to 50% O₂
 - Optional deep stop with countdown timer
 - Salt or fresh water dive selection
 - Automatic altitude adjustment ensures an accurate profile

LEAD WEIGHTS

- Simply referred to as a 'weight belt' consisting of a series of lead weights that counteracts your body's natural tendency to float allowing the snorkel & diver to dive below the surface. 5 pcs./ set (2lbs/ pc.)

Brand: Aqualung

QUELINE RESCUE TOOLS ENT.

WEIGHT BELT

Weight belt steel buckle

- Durable nylon webbing
- Great for making weight belts and tie downs
- 60 inches nylon webbing with stainless steel buckle

Weight belt plastic buckle

- Durable nylon webbing
- Great for making weight belts and tie downs
- 60 inches nylon webbing with plastic buckle

DIVING FLASHLIGHT

Brand: Atorch, made in China
Model: CV01

- Diving lens of unique A-Torch quality. The innovative progressive magnetic on-off switch of the lens allows us to squeeze as much light as we want. Waterproof at 100m depth, with a lumen of 300 lumens and a body of high-strength aluminum alloy. Unique construction quality, with 3 holes inside for complete sealing. It works with 3 AAA alkaline batteries. Perhaps the best diving lens currently on the market.
- 1pc. CREE XPG2 S3 LED 300Lumens
- Slide Magnetic Switch
- Aircraft Grade Aluminum Alloy
- Superior Hard Anodized
- Depth Tested to 100 meters
- 240 Beam Distance

Brand: Problue, made in Taiwan
Model: 800 Lumens - Rechargeable

- Water-resistant aerospace grade aluminum with hard anodized finish.
- Burn time: 2 hours (in max power and full batteries).
- Cree LED, 800 Lumens, and waterproof 100 meters depth.
- Magnetic switch, adjusted brightness with rapid response activation ring.
- 3 modes of output: 100% - 50% - Flash.
- Battery: 1 x 18650 Li-ion 3.7V 22 mA rechargeable battery included.
- AC charger included.
